How to use the interface to search MEDLINE

Jan. 12  
**EndNote Class**  
An intro to the software

Jan. 13  
**KL2 Letter of Intent Deadline**  
Full applications are due March 20, 2017

Jan. 17  
**Scopus Class**  
Learn to use the database

Jan. 18  
**REDCap Office Hours**  
Schedule a consultation with the REDCap team

Jan. 19 & Feb. 15  
**REDCap New Project Owner Intro Session**  
Required to create a new project

Jan. 23, 25, 30, Feb. 1  
**Research Administration Training Seminar**  
Presented by the Office

**NEWS**

**Voucher Funding Helps Young Investigator Jumpstart Career**

Emily Miller, MD, MPH, used voucher funding and other NUCATS resources to support her research on inflammatory markers in the spinal fluid of women with and without perinatal depression. [Read more.]

**Creating a Culture of Mentoring at Feinberg**

Faculty from across Feinberg School of Medicine attended a Mentor Development Workshop led by Mercedes Carnethon, PhD, and NUCATS Center for Education and Career Development.

**Using Implementation Science in Research**

What is implementation science and how can it be applied to my research? These were two of the questions that were discussed during Implementation Science: An Introductory Workshop for Researchers, Clinicians, Policy Makers and Community Members.

**RESOURCE CORNER**

**Regulatory Drop-in Hours**

All investigators and research staff are invited to drop-in hours with the [NUCATS Regulatory Team](#). Come with regulatory questions and a member of the regulatory team will provide guidance on questions related to a specific research study or more general regulatory issues including:

- IRB submissions (NU IRB, LCH IRB, External IRBs)
FUNDING OPPORTUNITIES

**Burroughs Wellcome Fund Travel Award**
Burroughs Wellcome Fund supports early career scholars and pre-doctoral trainees who would like to attend the Association of Translational Science Annual Meeting held April 19-21 in Washington D.C.

*Abstract deadline:* January 13

**Multidisciplinary Career Development Award (KL2)**
The award provides junior faculty with the skills and resources to develop as independent investigators by providing career development resources including formal coursework, peer mentoring and career guidance as well as salary support and additional resources to ensure protected time for mentored research and didactic training.

*Letter of intent deadline:* January 13
*Application deadline:* March 20

**HIV/Aging Pilot Program**
Third Coast Center for AIDS Research is funding two pilot grants to study aging research in the field of HIV.

*Deadline:* January 27
*Funding:* Up to $50,000

**Primary Care Faculty Research Catalyzer**
The award, funded by Center for Primary Care Innovation, will provide peer reviewed research support to investigators who are collecting preliminary data to support a future grant submission and/or supplemental support for ongoing sponsored-research for work outside the aims and/or scope of work of the funded project in the areas of pediatrics and family medicine.

*Deadline:* June 1
*Funding:* $25,000

INVESTIGATOR TIP

Register for Sex Inclusion in Biomedical Research Workshop and Symposium
The Women's Health Research Institute is hosting the Sex Inclusion in Biomedical Research Workshop & Symposium on January 25 from noon until 6pm at Prentice Women's Hospital. The event celebrates the 1-year anniversary of the implementation of the landmark policy set forth by the NIH, requiring investigators to consider sex as a biological variable. Attendees will hear from national leaders in the area of sex inclusion and have the opportunity to learn how to incorporate sex inclusion into their research.

Presentations will include:

- **Considering Sex as a Biological Variable: The NIH Policy** Teresa Woodruff, PhD, Founder and
Directed by Women's Health Research Institute, Feinberg School of Medicine, Northwestern University

- **Shared Impact of SeXX on Mood, Heart, and Memory** Jill Goldstein, PhD, Professor of Psychiatry and Medicine, Harvard Medical School
- **Sex Influences on Brain and Body: An Issue Whose Time Has Come** Larry Cahill, PhD, Professor of Neurobiology and Behavior, University of California Irvine

Register for the workshop.
